PHOTO DISPLAY

This package, launched in 2001, gave our customers the ability to include digital photography in their functions.

This is available as a standalone option as well as working with any of our other shows.

We have the facilities to enable digitising of pre-printed photographs, to create a slideshow presentation and display via video projection, during the function. Examples include having Wedding photographs on display for Anniversaries, or childhood pictures for 18th or 21st Birthday parties.

Furthermore, we also offer a **SHOOT & SHOW** option for all of your functions. Whether a Christening, Birthday, Wedding or Corporate, we will photograph the entire day and have it on display during the evening function. All photographs can then be presented to you, or the person of your choice, licence- and copyright-free. Please note that Weddings are priced differently.

Wedding Package

In combining our photo **SHOOT & SHOW** package with our music shows, we have produced this unique Wedding Package.

Our photographers will attend your Wedding Ceremony and take digital photographs, prior, during (if permitted) and after the ceremony.

We will work along side your Official photographer, mirroring all the images they take, as well as many other more informal shots.

On average we will take up to 800 licence- and copyright-free digital photographs during the day, from meeting at the place of marriage, to the final dance of the evening. All formal shots will be included and many informal ones throughout the day, ultimately providing a complete and comprehensive record of your entire Wedding Day, not forgetting that this is the perfect opportunity to view your official Wedding photographs, well before you get them.

The digital photographs will be pre-edited during your afternoon Wedding Breakfast and be ready for display on a full colour video projection screen during your evening function.

This unique history of your day will then be formally edited and presented to you, or person(s) of your choice, on CD or DVD, at no additional cost.*

** First copy is included, however, further copies can be produced if required, at an additional cost.*

Official Wedding Photographs

Midlands Leisure are now proud to offer the complete Official Wedding Photograph Service, with a difference !!

We have found that the biggest cost of Official Wedding Photographs is the printing, running up to £1,400.00 - £2,000.00 for a 100 photograph album. With this Midlands Leisure package, we do not print any of the photographs. In eliminating this cost, we can bring the same quality of service to you, that is expected from a Midlands Leisure product, for your Official Wedding Day Photographs at a very reasonable and acceptable price.

Additionally, rather than paying one flat fee for whatever photographs are taken, you can chose how many you want our photographers to take for you, in multiples of 100, from 200 to 600+ photographs.

Our photographers will firstly meet the Bridal party wherever they are coming from, for an informal shoot with the Bride and her entourage. Whilst this is happening, a second photographer is meeting the Groom, with his Groomsmen, for a similar shoot. Depending upon the size of the package chosen, there on occasion will be a third photographer, informally photographing the venue, flowers, and guests etc.

We will be with you all day, from the initial meeting, through the Wedding Ceremony, the Afternoon Wedding Breakfast and Speeches, up until your first dance, where we will finish the shoot for the day. If you wish for us to stay longer, our photographers will be pleased to do so, at your request.

With this package, we can also double up with the **SHOOT & SHOW** package, to have your Official Wedding Day Photographs, pre-edited during your Afternoon Wedding Breakfast and be ready for display on a full colour video projection screen during your evening function. This is only a small additional cost and a fantastic opportunity to view your official Wedding Day Photographs, well before you get them.

This unique history of your day will then be formally edited and presented to you, or person(s) of your choice, on CD or DVD, at no additional cost.*

** First copy is included, however, further copies can be produced if required, at an additional cost.*

Official Wedding Photographs

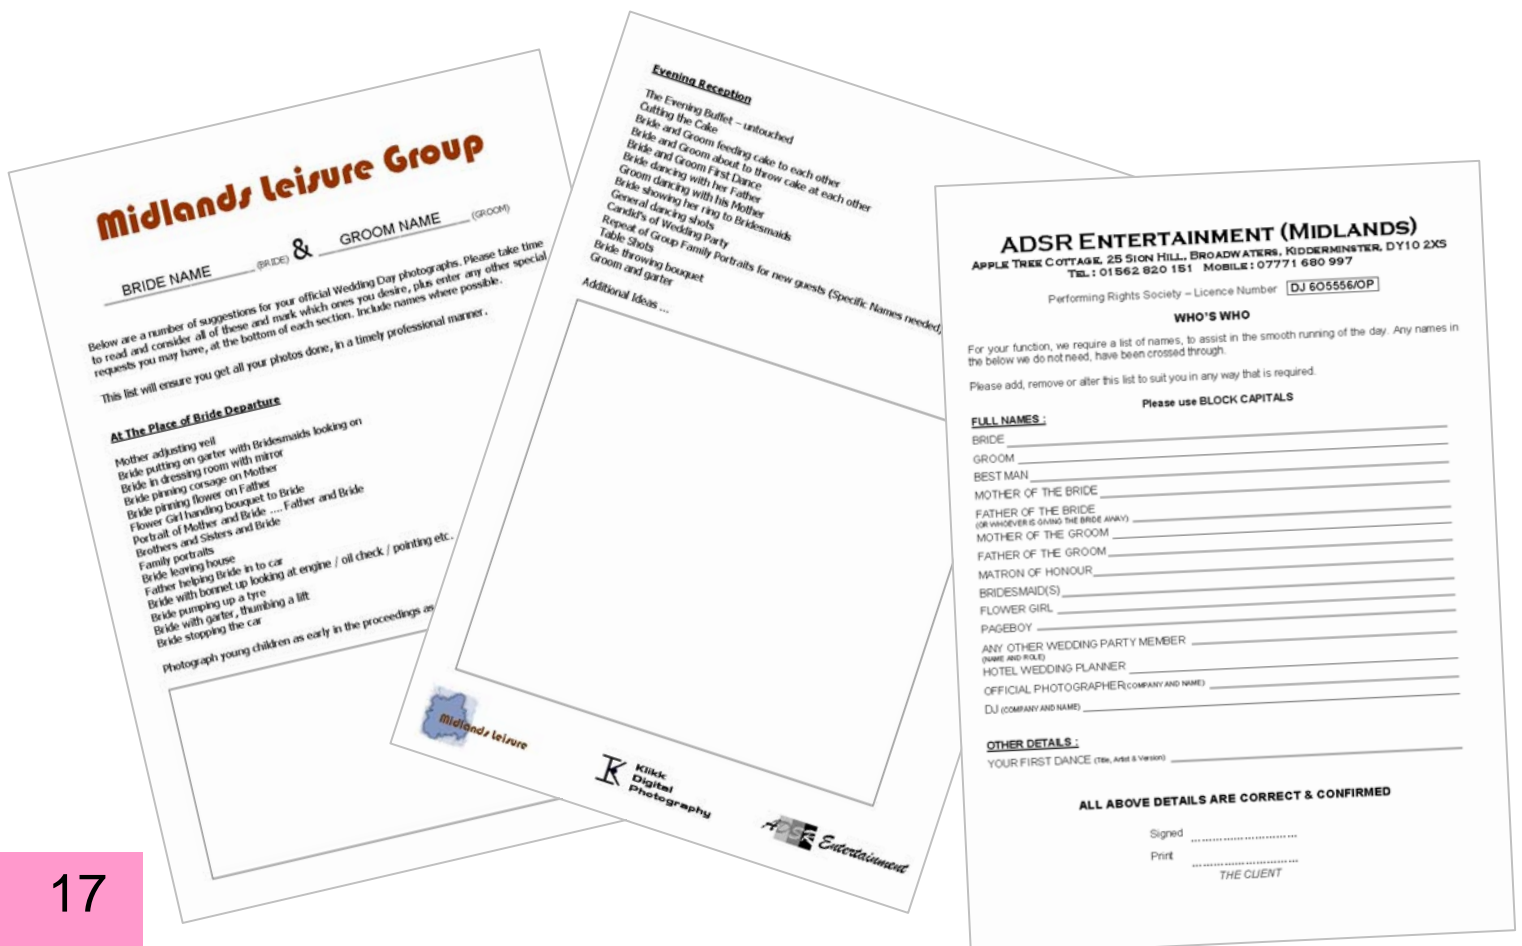

If you should choose for Midlands Leisure to manage your Official Wedding Day Photographs, a number of processes will happen.

Firstly, we will meet you at the Afternoon Wedding Breakfast venue, to discuss your requirements and go through the Wedding Photograph List and the Who's Who sheet, so that we know what and who we need to photograph on the day. We will take a tour of the venue, to select the best places for your photographs, which needs to be planned with your Duty Manager.

At a later date, arranged between the venue and us, we will attend the venue at a quiet time, for some scenic photographs of the facilities and grounds.

We will also meet at the Wedding Ceremony venue to go through what we need to do there, as usually time is short here.

Finally, we will formally agree everything in the Contract, which we will both sign.
